Silver Spring, MD 20904

Subject: Non-PRIA (Pesticide Registration Improvement Act) Labeling Amendment – Adding new packaging, which combines the 8.1 oz product with an inert trainer canister.
Product Name: Counter Assault Bear Deterrent
EPA Registration Number: 55541-2
Application Date: December 22, 2014
OPP Decision Number: 498925

Dear Ms. Griffin:

The amended labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable.

The U.S. Environmental Protection Agency (EPA) notes that you have submitted labeling that includes the sublabel for the inert training canister that contains no active ingredient. As noted in the EPA's Label Review Manual (LRM), Chapter 18, Section IV(A), the EPA has jurisdiction over the packaging and labeling of any "non-pesticide" which is part of the package (refer to 40 CFR 152.3). The EPA has reviewed your inert training canister sublabel and deemed it acceptable; however, the sublabel of your master label that contains this inert training canister label (pages 13-15) will not be part of the FIFRA stamped label. This determination is based on the EPA's LRM, Chapter 19, Section IV(A), which indicates, "The reviewer examines the non-pesticide labeling to determine whether it contains any language that conflicts with the pesticide label, but the reviewer does not actually stamp the non-pesticide label." Although the inert training canister label is not part of the FIFRA stamped label, if you decide to make changes to this label, you must submit it to the EPA for review.

This approval does not affect any terms or conditions that were previously imposed on this registration. You continue to be subject to existing terms or conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one (1) copy of the final printed labeling before you release this product for shipment with the new labeling. In accordance with 40 CFR § 152.130(c), you may

2/14

Page 2 of 2
EPA Reg. No. 55541-2
OPP Decision No. 498925

distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR § 152.3.

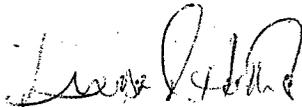

1001 * S YAM

Should you wish to add/retain a reference to your company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

Your release for shipment of this product constitutes acceptance of these terms. If these terms are not complied with, this registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact Colin G. Walsh of my branch by phone at (703) 308-0298 or via email at walsh.colin@epa.gov.

Sincerely,

Linda A. Hollis, Chief
Biochemical Pesticides Branch
Biopesticides and Pollution
Prevention Division (7511P)

MAY 28 2015

COUNTER[®] BEAR DETERRENT GIBBY TUGH PERPER SIXTY

Under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), the pesticide is registered under EPA Registration No. 55541-2.

NOT FOR USE ON HUMANS

TO DETER BEARS FROM ATTACKING HUMANS

KEEP OUT OF REACH OF CHILDREN

DANGER

DO NOT SEEK OUT ENCOUNTERS WITH BEARS. THIS PRODUCT IS A BEAR ATTACK DETERRENT WHICH MAY PROTECT USERS IN SOME UNEXPECTED CONFRONTATIONS WITH BEARS BUT MAY NOT BE EFFECTIVE IN ALL SITUATIONS OR PREVENT ALL INJURIES. READ THIS ENTIRE LABEL BEFORE TAKING THIS PRODUCT INTO AREAS WHERE BEARS MIGHT BE ENCOUNTERED. SEE SIDE PANELS FOR FIRST AID AND PRECAUTIONARY STATEMENTS.

Active Ingredient:

Capsaicin and related capsaicinoids*	2.0%
Other Ingredients	98.0%
TOTAL	100.0%

*Derived from Oleoresin of Capsicum

CHEMICAL EMERGENCY: 1-800-535-5053

NET CONTENTS: 8.1 ounces (230g)

EPA Registration #55541-2 EPA Est No: 055541-MT-001

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

DANGER:

May cause irreversible eye damage if sprayed in the eye at close range. Contact through touching or rubbing eyes may result in substantial but temporary eye injury. Strongly irritating to nose and skin. Do not get in eyes, on skin, or on clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses after the first 5 minutes, then continue rinsing eye. Call poison control center or doctor for treatment advice. Have product container with you when calling or going for treatment. For emergency medical treatment information call 1-800-535-5053.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor immediately for treatment advice.

PHYSICAL OR CHEMICAL HAZARDS:

Extremely flammable. Contents under pressure. Keep away from fire, sparks and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

STORAGE & DISPOSAL

STORAGE: STORE IN A COOL DRY PLACE INACCESSIBLE TO CHILDREN AND PETS. Do not store in places where the temperature is above 120°F nor below 32°F. Do not store in hot vehicle or in direct sunlight.

DISPOSAL: DO NOT PUNCTURE OR INCINERATE! Non-Refillable Container. Do not reuse or refill this container.

If empty: Press valve to release all pressure then place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

Disclaimer: To the extent allowable by law, Counter Assault shall not be liable for damage, injury, loss, direct or consequential including death arising out of the use of, or inability to use this product.

DIRECTIONS FOR USE:

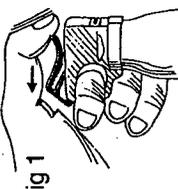

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: This product may be used only to deter bears which are attacking or appear likely to attack humans. Do not spray this product on objects, tents, or humans; such use has no deterrent effect on bears. Do not seek out encounters with bears or intentionally provoke them. Keep safety clip in place except when practicing with or using the product. Do not eat or allow to be eaten any food or feed materials which may have become contaminated with this product.

This product has a range of up to 30 feet (9 meters). The canister empties in approximately 7 seconds.

APPLICATION DIRECTIONS: Special procedures must be followed to arm the container, apply the product and restore the safety clip to disarm the container. Before taking this product into bear country, read the directions below and familiarize yourself with these procedures. If you test-fire this container, make sure the wind is at your back and depress actuator tab for no more than half a second. Do not test-fire in area inhabited by bears. If test-fired, clean nozzle and can with soap and water to remove residue from can. If you have not used this product before, you should obtain a Counter Assault training can and practice with it until you can perform these activities quickly and accurately.

Fig 1

To Arm and Apply

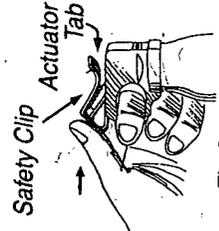

Designed for one-hand operation. Place forefinger through hole in handle with thumb on safety clip curl. With thumb, pull safety clip straight back and off (fig 1).

Fig 2

Depress actuator tab for burst of spray (fig 2). Aim at face and eyes of bear. Depress actuator tab for 1-2 seconds in order to create a barrier of spray between you and the bear. Stop to evaluate the impact of wind and other factors and adjust your aim if needed before spraying again.

Fig 3

To Disarm

Replace safety clip by pushing firmly with thumb until audible "snap" is heard (fig 3). Check to see if safety is completely in place. No gap should be visible between actuator handle and safety clip.

5/14

Produced by a Grizzly Bear Encounter Survivor

In the early 1980's, bear biologists were researching effective bear deterrents. The result of this research was the development of an atomized spray and led to the creation of Counter Assault.

Pride Johnson, President & Chemist of Counter Assault successfully survived a grizzly encounter with Counter Assault Bear Deterrent. The encounter was immediately stopped.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: This product may be used only to deter bears which are attacking or appear likely to attack humans. Do not spray this product on objects, tents, or humans; such use has no deterrent effect on bears. Do not seek out encounters with bears or intentionally provoke them. Keep safety clip in place except when practicing with or using the product. Do not eat or allow to be eaten any food or feed materials which may have become contaminated with this product.

This product (230g canister) has a range of up to 30 feet (9 meters). The canister empties in approximately 7 seconds.

APPLICATION DIRECTIONS: Special procedures must be followed to arm the container, apply the product and restore the safety clip to disarm the container. Before taking this product into bear country, read the directions below and familiarize yourself with these procedures. If you test-fire this container, make sure the wind is at your back and depress actuator tab for no more than half a second. Do not test-fire in area inhabited by bears. If test-fired, clean nozzle and can with soap and water to remove residue from can. If you have not used this product before, you should obtain a Counter Assault training can and practice with it until you can perform the activities quickly and accurately.

TO ARM AND APPLY: Designed for one-hand operation. Place forefinger through hole in handle with thumb on safety clip curl. With thumb, pull safety clip straight back and off (fig 1). Depress actuator tab for burst of spray (fig 2). Aim at face and eyes of bear. Depress actuator tab for 1-2 seconds in order to create a barrier of spray between you and the bear. Stop to evaluate the impact of wind and other factors and adjust your aim if needed before spraying again.

TO DISARM: Replace safety clip by pushing firmly with thumb until audible "snap" is heard (fig 3). Check to see if safety is completely in place. No gap should be visible between actuator handle and safety clip.

PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals

DANGER: May cause irreversible eye damage if sprayed in the eye at close range. Contact through touching or rubbing eyes may result in substantial but temporary eye injury. Strongly irritating to nose and skin. Do not get in eyes, on skin, or on clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses after the first 5 minutes, then continue rinsing eye. Call poison control center or doctor for treatment advice. Have product container with you when calling or going for treatment. For emergency medical treatment information call 1-800-535-5053.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor immediately for treatment advice.

PHYSICAL OR CHEMICAL HAZARDS: Extremely flammable. Contents under pressure. Keep away from fire, sparks and heated surfaces. Do not puncture or incinerate container. Exposure to temperature above 130°F may cause bursting.

STORAGE & DISPOSAL

STORAGE: STORE IN A COOL DRY PLACE INACCESSIBLE TO CHILDREN AND PETS. Do not store in places where the temperature is above 120°F nor below 32°F. Do not store in hot vehicle or in direct sunlight.

Produced by a Grizzly Bear Encounter Survivor

In the early 1980's, bear biologists were researching effective bear deterrents. The result of this research was the development of an atomized spray and led to the creation of Counter

Assault. Pride Johnson, President & Chemist of Counter Assault successfully survived a grizzly encounter with Counter Assault Bear Deterrent. The encounter was immediately stopped.

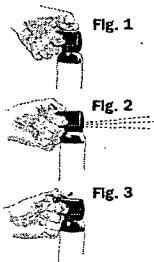

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: This product may be used only to deter bears which are attacking or appear likely to attack humans. Do not spray this product on objects, tents, or humans; such use has no deterrent effect on bears. Do not seek out encounters with bears or intentionally provoke them. Keep safety clip in place except when practicing with or using the product. Do not eat or allow to be eaten any food or feed materials which may have become contaminated with this product.

APPLICATION DIRECTIONS: Special procedures must be followed to arm the container, apply the product and restore the safety clip to disarm the container. Before taking this product into bear country, read the directions below and familiarize yourself with these procedures. If you test-fire this container, make sure the wind is at your back and depress actuator tab for no more than half a second. Do not test-fire in area inhabited by bears. If test-fired, clean nozzle and can with soap and water to remove residue from can. If you have not used this product before, you should obtain a Counter Assault training can and practice with it until you can perform the activities quickly and accurately.

TO ARM AND APPLY: Designed for one-hand operation. Place forefinger through hole in handle with thumb on safety clip curl. With thumb, pull safety clip straight back and off (fig 1). Depress actuator tab for burst of spray (fig 2). Aim at face and eyes of bear. Depress actuator tab for 1-2 seconds in order to create a barrier of spray between you and the bear. Stop to evaluate the impact of wind and other factors and adjust your aim if needed before spraying again.

TO DISARM: Replace safety clip by pushing firmly with thumb until audible "snap" is heard (fig 3). Check to see if safety is completely in place. No gap should be visible between actuator handle and safety clip.

PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals

DANGER: May cause irreversible eye damage if sprayed in the eye at close range. Contact through touching or rubbing eyes may result in substantial but temporary eye injury. Strongly irritating to nose and skin. Do not get in eyes, on skin, or on clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

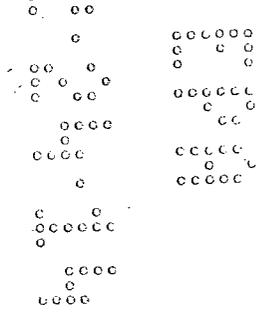

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses after the first 5 minutes, then continue rinsing eye. Call poison control center or doctor for treatment advice. Have product container with you when calling or going for treatment. For emergency medical treatment information call 1-800-535-5053. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor immediately for treatment advice.

PHYSICAL OR CHEMICAL HAZARDS: Extremely flammable. Contents under pressure. Keep away from fire, sparks and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

STORAGE AND DISPOSAL

STORAGE: STORE IN A COOL DRY PLACE INACCESSIBLE TO CHILDREN AND PETS. Do not store in places where the temperature is above 120°F nor below 32°F. Do not store in hot vehicle or in direct sunlight. **DISPOSAL:** DO NOT PUNCTURE OR INCINERATE! Non-Refillable Container. Do not reuse or refill this container. If empty: Press valve to release all pressure then place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

Disclaimer: To the extent allowable by law, Counter Assault shall not be liable for damage, injury, loss, direct or consequential including death arising out of the use of, or inability to use this product.

COUNTER ASSAULT

NET CONTENTS: Combo Pack: TWO - 8.1 ounces (230g)

This product has a range of up to 30 feet (9 meters). The canister empties in approximately 7 seconds.

Produced by a Grizzly Bear Encounter Survivor

In the early 1980's, bear biologists were researching effective bear deterrents. The result of this research was the development of an atomized spray and led to the creation of Counter

Assault. Pride Johnson, President & Chemist of Counter Assault successfully survived a grizzly encounter with Counter Assault Bear Deterrent. The encounter was immediately stopped.

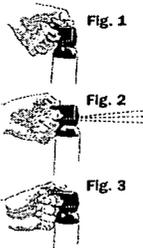

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: This product may be used only to deter bears which are attacking or appear likely to attack humans. Do not spray this product on objects, tents, or humans; such use has no deterrent effect on bears. Do not seek out encounters with bears or intentionally provoke them. Keep safety clip in place except when practicing with or using the product. Do not eat or allow to be eaten any food or feed materials which may have become contaminated with this product.

APPLICATION DIRECTIONS: Special procedures must be followed to arm the container, apply the product and restore the safety clip to disarm the container. Before taking this product into bear country, read the directions below and familiarize yourself with these procedures. If you test-fire this container, make sure the wind is at your back and depress actuator tab for no more than half a second. Do not test-fire in area inhabited by bears. If test-fired, clean nozzle and can with soap and water to remove residue from can. If you have not used this product before, you should obtain a Counter Assault training can and practice with it until you can perform the activities quickly and accurately.

TO ARM AND APPLY: Designed for one-hand operation. Place forefinger through hole in handle with thumb on safety clip curl. With thumb, pull safety clip straight back and off (fig 1). Depress actuator tab for burst of spray (fig 2). Aim at face and eyes of bear. Depress actuator tab for 1-2 seconds in order to create a barrier of spray between you and the bear. Stop to evaluate the impact of wind and other factors and adjust your aim if needed before spraying again.

TO DISARM: Replace safety clip by pushing firmly with thumb until audible "snap" is heard (fig 3). Check to see if safety is completely in place. No gap should be visible between actuator handle and safety clip.

PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals

DANGER: May cause irreversible eye damage if sprayed in the eye at close range. Contact through touching or rubbing eyes may result in substantial but temporary eye injury. Strongly irritating to nose and skin. Do not get in eyes, on skin, or on clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

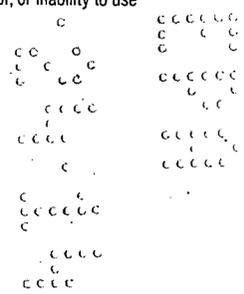

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses after the first 5 minutes, then continue rinsing eye. Call poison control center or doctor for treatment advice. Have product container with you when calling or going for treatment. For emergency medical treatment information call 1-800-535-5053. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor immediately for treatment advice.

PHYSICAL OR CHEMICAL HAZARDS: Extremely flammable. Contents under pressure. Keep away from fire, sparks and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

STORAGE AND DISPOSAL

STORAGE: STORE IN A COOL DRY PLACE INACCESSIBLE TO CHILDREN AND PETS. Do not store in places where the temperature is above 120°F nor below 32°F. Do not store in hot vehicle or in direct sunlight. **DISPOSAL:** DO NOT PUNCTURE OR INCINERATE! Non-Refillable Container. Do not reuse or refill this container. If empty: Press valve to release all pressure then place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.
